

Flag Label System – Clear Stem Flag Label

Utilizing MPI's Thermal Transfer Label Printer (TTLP) and WinPak™ Barcode Labeling Software, MPI offers two convenient styles of Clear Stem Flag Labels to solve the Pharmacy's labeling needs for vials, ampoules, syringes and other items distributed from the pharmacy that require a bar code and label while meeting the specific needs of those who require the ability to view package content through the clear stem portion of the label.

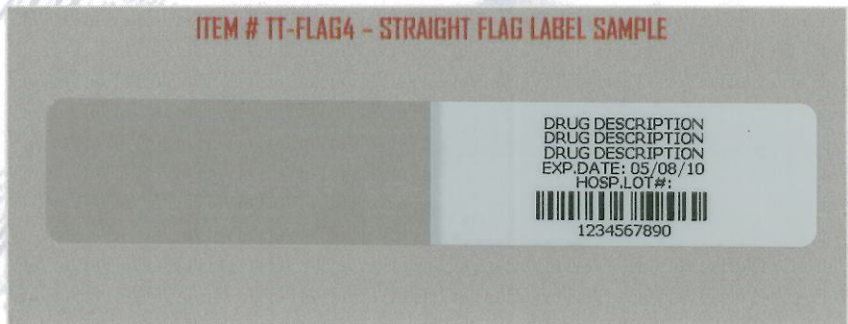

ITEM # TT-FLAG1 – FOLDED FLAG LABEL SAMPLE

MPI's Clear Stem Folded Flag Label solution has a combined print area of 1 1/2" x 1", providing a double-sided print area that allows both a bar code and 6-lines of text on an individual flag label.

ITEM # TT-FLAG4 – STRAIGHT FLAG LABEL SAMPLE

MPI's Clear Stem Straight Flag Label solution has a combined print area of 2" x 3/4", providing a single-sided print area that allows both a bar code and 6-lines of text on an individual flag label.
