**MEDICAL PACKAGING INC. TO RELOCATE WAREHOUSE AND
DISTRIBUTION FUNCTIONS DUE TO INCREASED GROWTH**

Ringoes, NJ – February 1, 2007 – Medical Packaging Inc. (MPI), a leading manufacturer of pharmacy packaging solutions, announced today that they will be relocating their warehousing and distribution functions to another location in nearby Flemington, NJ to allow for significant expansion in their existing corporate headquarters in Ringoes, NJ.

Over the past several years MPI has experienced continued and rapid growth in both its customers and employees, which when coupled with new offerings in their Bar Code-Plus™ packaging systems product line and the availability of an increased variety of sizes and colors in the disposable materials used in the packaging systems, resulted in the need for increased space and storage capacity beyond what is available in their current location.

“Moving our warehousing and distribution functions to another location will allow us to utilize our existing building space to increase the scope of the manufacturing and production areas of the business,” added Ronald Kavchok, Vice President of MPI. “We will also be expanding our current location; allowing for more office space due to employee growth and increasing the areas currently devoted to our R&D functions.”

MPI customers will not be affected by any of the growth changes. Corporate and individual phone and fax numbers have not changed and the processing of all orders will continue to be handled by the main location in Ringoes, NJ. All of MPI’s corporate staff and functions, including Engineering, Customer Service and Marketing will remain at the current location.

About Medical Packaging Inc.

Medical Packaging Inc. (MPI) is a manufacturer of packaging systems for unit dosing and label medications. Founded in 1971, MPI was the first company in the United States to design and market a bench scale strip packager for hospitals. Today, Medical Packaging Inc. is an international leader of pharmacy packaging solutions for oral solids, liquids and ampoules, vials and syringes for hospitals, long term care and the assisted living markets. MPI is a privately held company with sales offices throughout the U.S and distribution partners worldwide. Further information is available at www.medpak.com
